

F1.1: Understanding AI: Concepts, Capabilities & Limitations

Teacher (Classroom)

Deliverable 1: *A weekly lesson plan that explicitly integrates a specific SEL competency and an AI-generated activity*

Initial Draft Prompt:

Help me develop this as a [grade level] [subject area] teacher: A weekly lesson plan that explicitly integrates a specific SEL competency and an AI-generated activity. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A portfolio of 3-5 student artifacts that demonstrate growth in a targeted SEL skill, with teacher annotations*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm developing: A portfolio of 3-5 student artifacts that demonstrate growth in a targeted SEL skill, with teacher annotations. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A script for a student-led conference where the student shares their SEL goals and progress using a digital tool*

Initial Draft Prompt:

Working as a [grade level] [subject area] teacher, I need to produce: A script for a student-led conference where the student shares their SEL goals and progress using a

digital tool. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A school-wide action plan for improving student sense of belonging, based on AI analysis of climate survey data*

Initial Draft Prompt:

Working as a [school/district] leader, I need to produce: A school-wide action plan for improving student sense of belonging, based on AI analysis of climate survey data. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A professional development presentation and resource toolkit for staff on using AI to support SEL*

Initial Draft Prompt:

Please generate a full draft for me as a [school/district] leader: A professional development presentation and resource toolkit for staff on using AI to support SEL. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational

standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A series of newsletter articles for families explaining the school's approach to SEL and technology integration*

Initial Draft Prompt:

Please help me, as a [school/district] leader, to develop: A series of newsletter articles for families explaining the school's approach to SEL and technology integration. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *An adapted SEL curriculum unit for a specific student or small group, with AI-generated visual aids and simplified text*

Initial Draft Prompt:

Please help me, as a special education professional for [your grade level/caseload], to develop: An adapted SEL curriculum unit for a specific student or small group, with AI-generated visual aids and simplified text. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A collection of social narratives or video models created with AI to teach specific social skills*

Initial Draft Prompt:

Working in my role as a special education professional for [your grade level/caseload], I need to create: A collection of social narratives or video models created with AI to teach specific social skills. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *Data from an AI-powered tool showing a student's progress on an IEP goal related to emotional regulation or social communication*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a working draft of: Data from an AI-powered tool showing a student's progress on an IEP goal related to emotional regulation or social communication. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A curated and annotated list of community-based mental health and support resources for families, generated and vetted with AI*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a working draft of: A curated and annotated list of community-based mental health and support resources for families, generated and vetted with AI. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A protocol for using an AI-powered chatbot to provide initial student support, including escalation procedures*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm building the following resource: A protocol for using an AI-powered chatbot to provide initial student support, including escalation procedures. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A report analyzing school-wide data to identify students in need of proactive SEL interventions*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a student support professional in [your role/setting]: A report analyzing school-wide data to identify students in need of proactive SEL interventions. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A syllabus for a pre-service course or module on the intersection of AI, ethics, and social-emotional learning*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [department/discipline] faculty member: A syllabus for a pre-service course or module on the intersection of AI, ethics, and social-emotional learning. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A conference presentation proposal or research paper on the use of AI to support the development of inclusive teaching practices*

Initial Draft Prompt:

As a [department/discipline] faculty member, my goal is to create: A conference presentation proposal or research paper on the use of AI to support the development of inclusive teaching practices. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A formal proposal for a university-district partnership to pilot and study AI-enhanced SEL initiatives*

Initial Draft Prompt:

I'm a [department/discipline] faculty member looking to develop: A formal proposal for a university-district partnership to pilot and study AI-enhanced SEL initiatives. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

F1.2: Ethics, Bias & Data Privacy in Education

Teacher (Classroom)

Deliverable 1: *A set of personalized de-escalation phrases for 3-4 specific students*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I want to create: A set of personalized de-escalation phrases for 3-4 specific students. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A weekly check-in/check-out Google Form with questions generated by AI*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher working on the following: A weekly check-in/check-out Google Form with questions generated by AI. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: *A visual anchor chart of 3 new classroom transition procedures*

Initial Draft Prompt:

Help me build this resource as a [grade level] [subject area] teacher: A visual anchor chart of 3 new classroom transition procedures. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: *A draft of the school's core PBIS values and behavioral expectations matrix*

Initial Draft Prompt:

Help me build this resource as a [school/district] leader: A draft of the school's core PBIS values and behavioral expectations matrix. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *A completed Tier III Behavior Intervention Plan (BIP) for a specific student*

Initial Draft Prompt:

I need your help creating something as a [school/district] leader: A completed Tier III Behavior Intervention Plan (BIP) for a specific student. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A one-page summary of school discipline data trends to share with staff*

Initial Draft Prompt:

As a [school/district] leader, I'm creating: A one-page summary of school discipline data trends to share with staff. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *A list of 3 measurable, AI-generated IEP goals for a student's behavior plan*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm creating: A list of 3 measurable, AI-generated IEP goals for a student's behavior plan. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: *A 4-week outline for a Tier II social skills group, including activities and objectives*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] and I need a strong draft of the following: A 4-week outline for a Tier II social skills group, including activities and objectives. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: *A curated list of 5 research articles on supporting students with emotional/behavioral disorders*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a complete, ready-to-use draft of: A curated list of 5 research articles on supporting students with emotional/behavioral disorders. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A printed and laminated social story for a student about a specific school routine*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a complete, ready-to-use draft of: A printed and laminated social story for a student about a specific school routine. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: A template for parent communication regarding restorative practices**Initial Draft Prompt:**

I'm working on the following as a student support professional in [your role/setting]: A template for parent communication regarding restorative practices. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: A needs assessment survey for students to identify topics for counseling groups**Initial Draft Prompt:**

Help me develop this as a student support professional in [your role/setting]: A needs assessment survey for students to identify topics for counseling groups. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A case study and accompanying rubric for a course on school-wide discipline systems*

Initial Draft Prompt:

Help me develop this as a [department/discipline] faculty member: A case study and accompanying rubric for a course on school-wide discipline systems. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *A written response to a critical discussion question about the ethics of predictive AI in schools*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm developing: A written response to a critical discussion question about the ethics of predictive AI in schools. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A syllabus insert detailing the policy on ethical AI use for graduate students*

Initial Draft Prompt:

Working as a [department/discipline] faculty member, I need to produce: A syllabus insert detailing the policy on ethical AI use for graduate students. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

F1.3: AI Norms, Policies & Academic Integrity

Teacher (Classroom)

Deliverable 1: *A personal ethical framework (1-paragraph) for using AI-generated student data in your classroom*

Initial Draft Prompt:

Please generate a full draft for me as a [grade level] [subject area] teacher: A personal ethical framework (1-paragraph) for using AI-generated student data in your classroom. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A script for a parent-teacher conference where you discuss a behavioral trend identified by an AI system*

Initial Draft Prompt:

Please help me, as a [grade level] [subject area] teacher, to develop: A script for a parent-teacher conference where you discuss a behavioral trend identified by an AI system. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *A student-facing checklist for responsible digital citizenship in an AI-monitored learning environment*

Initial Draft Prompt:

Working in my role as a [grade level] [subject area] teacher, I need to create: A student-facing checklist for responsible digital citizenship in an AI-monitored learning environment. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *An action plan for establishing a cross-functional AI ethics review committee at your school*

Initial Draft Prompt:

Working in my role as a [school/district] leader, I need to create: An action plan for establishing a cross-functional AI ethics review committee at your school. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A draft of a school board presentation slide deck communicating the district's policy on human oversight for AI systems*

Initial Draft Prompt:

As a [school/district] leader, I need a working draft of: A draft of a school board presentation slide deck communicating the district's policy on human oversight for

AI systems. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *A template for a transparency report to be shared with the community about how student data is being used and protected*

Initial Draft Prompt:

As a [school/district] leader, I'm building the following resource: A template for a transparency report to be shared with the community about how student data is being used and protected. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *An addendum to a sample IEP that specifies how AI monitoring data will (and will not) be used to assess progress toward behavioral goals*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm building the following resource: An addendum to a sample IEP that specifies how AI monitoring data will (and will not) be used to assess progress toward behavioral goals. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A set of guiding questions for an IEP team to consider before implementing any form of AI-based behavioral monitoring for a student*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a special education professional for [your grade level/caseload]: A set of guiding questions for an IEP team to consider before implementing any form of AI-based behavioral monitoring for a student. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A one-page guide for parents of students with disabilities explaining their rights and the role of human oversight in AI-supported services*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], my goal is to create: A one-page guide for parents of students with disabilities explaining their rights and the role of human oversight in AI-supported services. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A protocol for how support staff will use AI-identified trends to design proactive, small-group interventions*

Initial Draft Prompt:

As a student support professional in [your role/setting], my goal is to create: A protocol for how support staff will use AI-identified trends to design proactive, small-group interventions. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A flowchart illustrating the decision-making process from the moment an AI alert is received to the point of human-led intervention*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] looking to develop: A flowchart illustrating the decision-making process from the moment an AI alert is received to the point of human-led intervention. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A resource list of restorative justice conversation starters for addressing behaviors flagged by an AI system*

Initial Draft Prompt:

As a student support professional in [your role/setting], I want to create: A resource list of restorative justice conversation starters for addressing behaviors flagged by an AI system. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A policy brief outlining recommendations for state-level guidance on the ethical procurement of AI in professional settings*

Initial Draft Prompt:

As a [department/discipline] faculty member, I want to create: A policy brief outlining recommendations for state-level guidance on the ethical procurement of AI in professional settings. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *A peer-reviewed article abstract proposing a study on the effects of AI monitoring on teacher autonomy and professionalism*

Initial Draft Prompt:

I'm a [department/discipline] faculty member working on the following: A peer-reviewed article abstract proposing a study on the effects of AI monitoring on teacher autonomy and professionalism. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment

with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A syllabus for a new course titled “AI, Ethics, and the Future of Education.”*

Initial Draft Prompt:

Help me build this resource as a [department/discipline] faculty member: A syllabus for a new course titled “AI, Ethics, and the Future of Education.”. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

L1.1: AI-Enhanced Lesson Design

Teacher (Classroom)

Deliverable 1: *A student-created infographic explaining how an AI model learns*

Initial Draft Prompt:

I need your help creating something as a [grade level] [subject area] teacher: A student-created infographic explaining how an AI model learns. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A classroom debate on the pros and cons of using AI in school*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm creating: A classroom debate on the pros and cons of using AI in school. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A short story written by a student from the perspective of an AI*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher and I need a strong draft of the following: A short story written by a student from the perspective of an AI. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A presentation to the school board on the district's AI plan*

Initial Draft Prompt:

I'm a [school/district] leader and I need a strong draft of the following: A presentation to the school board on the district's AI plan. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A parent newsletter article about how the school is teaching students about AI*

Initial Draft Prompt:

As a [school/district] leader, I need a complete, ready-to-use draft of: A parent newsletter article about how the school is teaching students about AI. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A professional development calendar with a variety of AI-related workshops*

Initial Draft Prompt:

I'm working on the following as a [school/district] leader: A professional development calendar with a variety of AI-related workshops. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *A social story for a student with autism explaining how to interact with an AI-powered learning tool*

Initial Draft Prompt:

I'm working on the following as a special education professional for [your grade level/caseload]: A social story for a student with autism explaining how to interact with an AI-powered learning tool. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A choice board of activities for students to learn about AI, with options for different learning preferences*

Initial Draft Prompt:

Help me develop this as a special education professional for [your grade level/caseload]: A choice board of activities for students to learn about AI, with options for different learning preferences. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A video tutorial for parents on how to use an AI-powered assistive technology at home*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm developing: A video tutorial for parents on how to use an AI-powered assistive technology at home. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2)

tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A library resource guide for students on the topic of AI and digital literacy*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm developing: A library resource guide for students on the topic of AI and digital literacy. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A peer tutoring program where older students teach younger students about responsible AI use*

Initial Draft Prompt:

Working as a student support professional in [your role/setting], I need to produce: A peer tutoring program where older students teach younger students about responsible AI use. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A student-led assembly on the topic of AI and its impact on society*

Initial Draft Prompt:

Please generate a full draft for me as a student support professional in [your role/setting]: A student-led assembly on the topic of AI and its impact on society. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A syllabus for a new course on AI in education for graduate students*

Initial Draft Prompt:

Please generate a full draft for me as a [department/discipline] faculty member: A syllabus for a new course on AI in education for graduate students. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A conference presentation on the findings of a research study on teaching learners about AI*

Initial Draft Prompt:

Please help me, as a [department/discipline] faculty member, to develop: A conference presentation on the findings of a research study on teaching learners about AI. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment

with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A grant proposal to fund a project to develop and disseminate a professional AI literacy curriculum*

Initial Draft Prompt:

Working in my role as a [department/discipline] faculty member, I need to create: A grant proposal to fund a project to develop and disseminate a professional AI literacy curriculum. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

L1.2: Differentiated Instruction with AI

Teacher (Classroom)

Deliverable 1: *A choice board of personalized learning activities for a specific unit of study*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a working draft of: A choice board of personalized learning activities for a specific unit of study. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A collection of student work samples that demonstrate their learning from the personalized pathways*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm building the following resource: A collection of student work samples that demonstrate their learning from the personalized pathways. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: *A reflection on how the use of AI impacted student engagement and ownership of learning*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [grade level] [subject area] teacher: A reflection on how the use of AI impacted student engagement and ownership of learning. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: *A district-wide policy on the ethical and responsible use of AI for personalized learning*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [school/district] leader: A district-wide policy on the ethical and responsible use of AI for personalized learning. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *A professional development plan for teachers on how to use AI to create personalized learning pathways*

Initial Draft Prompt:

As a [school/district] leader, my goal is to create: A professional development plan for teachers on how to use AI to create personalized learning pathways. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A report on the impact of the AI-powered personalized learning pilot program*

Initial Draft Prompt:

I'm a [school/district] leader looking to develop: A report on the impact of the AI-powered personalized learning pilot program. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *A portfolio of adapted texts and other materials created with AI to support students with disabilities*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] looking to develop: A portfolio of adapted texts and other materials created with AI to support students with disabilities. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: *Data on the progress of students with disabilities who are using AI-powered personalized learning tools*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I want to create: Data on the progress of students with disabilities who are using AI-powered personalized learning tools. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: *A case study of a student with a disability who has benefited from the use of AI for personalized learning*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] working on the following: A case study of a student with a disability who has benefited from the use of AI for personalized learning. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify

alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A curated library of AI tools and resources for personalized learning*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] working on the following: A curated library of AI tools and resources for personalized learning. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: *A collection of coaching and co-teaching plans for supporting teachers in their use of AI*

Initial Draft Prompt:

Help me build this resource as a student support professional in [your role/setting]: A collection of coaching and co-teaching plans for supporting teachers in their use of AI. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: *A newsletter or blog post for parents about how the school is using AI to support personalized learning*

Initial Draft Prompt:

I need your help creating something as a student support professional in [your role/setting]: A newsletter or blog post for parents about how the school is using AI to support personalized learning. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A syllabus for a professional preparation course that includes a module on AI and personalized learning*

Initial Draft Prompt:

I need your help creating something as a [department/discipline] faculty member: A syllabus for a professional preparation course that includes a module on AI and personalized learning. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *A published research paper on the impact of AI-powered personalized learning on student outcomes*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm creating: A published research paper on the impact of AI-powered personalized learning on student outcomes. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A memorandum of understanding for a partnership between the university and a local institution or community partner*

Initial Draft Prompt:

I'm a [department/discipline] faculty member and I need a strong draft of the following: A memorandum of understanding for a partnership between the university and a local institution or community partner. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

L1.3: Assessment Design & Feedback with AI

Teacher (Classroom)

Deliverable 1: *A set of differentiated reading passages on a science topic, adapted for three different reading levels*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a complete, ready-to-use draft of: A set of differentiated reading passages on a science topic, adapted for three different reading levels. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A list of three SMART IEP goals for a student with a specific learning disability*

Initial Draft Prompt:

I'm working on the following as a [grade level] [subject area] teacher: A list of three SMART IEP goals for a student with a specific learning disability. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *A personalized learning path for a student who wants to improve a particular skill, including a variety of activities and resources*

Initial Draft Prompt:

Help me develop this as a [grade level] [subject area] teacher: A personalized learning path for a student who wants to improve a particular skill, including a variety of activities and resources. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *A rubric for vetting new AI-powered educational tools, with criteria for accessibility, data privacy, and pedagogical effectiveness*

Initial Draft Prompt:

Help me develop this as a [school/district] leader: A rubric for vetting new AI-powered educational tools, with criteria for accessibility, data privacy, and pedagogical effectiveness. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A comprehensive professional development plan for a district-wide implementation of new AI-powered learning tools*

Initial Draft Prompt:

As a [school/district] leader, I'm developing: A comprehensive professional development plan for a district-wide implementation of new AI-powered learning tools. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *A letter to families explaining the district's new AI initiative, translated into multiple languages*

Initial Draft Prompt:

Working as a [school/district] leader, I need to produce: A letter to families explaining the district's new AI initiative, translated into multiple languages. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *A social story for a student with autism, designed to reduce anxiety about a new situation*

Initial Draft Prompt:

Working as a special education professional for [your grade level/caseload], I need to produce: A social story for a student with autism, designed to reduce anxiety about a new situation. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A set of accessible learning materials adapted from a grade-level text, including a summary and a vocabulary list*

Initial Draft Prompt:

Please generate a full draft for me as a special education professional for [your grade level/caseload]: A set of accessible learning materials adapted from a grade-level text, including a summary and a vocabulary list. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A list of three AI-powered assistive technology tools or strategies to support a student with a specific disability*

Initial Draft Prompt:

Please help me, as a special education professional for [your grade level/caseload], to develop: A list of three AI-powered assistive technology tools or strategies to support a student with a specific disability. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A troubleshooting guide for a common technical issue with a school-wide learning platform*

Initial Draft Prompt:

Please help me, as a student support professional in [your role/setting], to develop: A troubleshooting guide for a common technical issue with a school-wide learning platform. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A script for a short tutorial video that shows students how to use a specific accessibility feature*

Initial Draft Prompt:

Working in my role as a student support professional in [your role/setting], I need to create: A script for a short tutorial video that shows students how to use a specific accessibility feature. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A curated list of five free and highly-rated AI-powered tools to support student organization and time management*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a working draft of: A curated list of five free and highly-rated AI-powered tools to support student organization and time management. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A complete syllabus module for a graduate student course on AI for accessibility and personalized learning*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a working draft of: A complete syllabus module for a graduate student course on AI for accessibility and personalized learning. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *An outline for a research proposal to study the impact of an AI-powered learning tool on student achievement*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm building the following resource: An outline for a research proposal to study the impact of an AI-powered learning tool on student achievement. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A case study about a institution or community partner's implementation of a new AI tool, suitable for analysis and discussion in a graduate-level course*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [department/discipline] faculty member: A case study about a institution or community partner's implementation of a new AI tool, suitable for analysis and discussion in a graduate-level course. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

L2.1: AI for Student Research & Inquiry

Teacher (Classroom)

Deliverable 1: *A co-created classroom poster outlining norms for ethical and critical AI use*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, my goal is to create: A co-created classroom poster outlining norms for ethical and critical AI use. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A student-produced “AI Fact-Check” video or podcast episode on a chosen topic*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher looking to develop: A student-produced “AI Fact-Check” video or podcast episode on a chosen topic. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A portfolio of student work showing their analysis of AI-generated content for bias*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I want to create: A portfolio of student work showing their analysis of AI-generated content for bias. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A district-approved rubric for evaluating new AI educational tools*

Initial Draft Prompt:

As a [school/district] leader, I want to create: A district-approved rubric for evaluating new AI educational tools. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A professional development calendar with sessions on AI literacy and ethics*

Initial Draft Prompt:

I'm a [school/district] leader working on the following: A professional development calendar with sessions on AI literacy and ethics. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A public-facing webpage with resources for parents and students on responsible AI use*

Initial Draft Prompt:

Help me build this resource as a [school/district] leader: A public-facing webpage with resources for parents and students on responsible AI use. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *An adapted lesson plan that uses AI to support UDL principles*

Initial Draft Prompt:

Help me build this resource as a special education professional for [your grade level/caseload]: An adapted lesson plan that uses AI to support UDL principles. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A student-created guide on how to use a specific assistive AI tool critically*

Initial Draft Prompt:

I need your help creating something as a special education professional for [your grade level/caseload]: A student-created guide on how to use a specific assistive AI tool critically. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A case study documenting the process of evaluating and implementing an AI tool for a student with a disability*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm creating: A case study documenting the process of evaluating and implementing an AI tool for a student with a disability. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A revised workflow for using AI to analyze student support data that includes a manual review step*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm creating: A revised workflow for using AI to analyze student support data that includes a manual review step. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A template for communicating with parents about new AI tools being used in the school*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] and I need a strong draft of the following: A template for communicating with parents about new AI tools being used in the school. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A report summarizing an audit of the school's student-facing chatbot for bias*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a complete, ready-to-use draft of: A report summarizing an audit of the school's student-facing chatbot for bias. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A syllabus for a graduate student course module on AI ethics and pedagogy*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a complete, ready-to-use draft of: A syllabus for a graduate student course module on AI ethics and pedagogy. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A published article or conference presentation on teaching critical AI literacy*

Initial Draft Prompt:

I'm working on the following as a [department/discipline] faculty member: A published article or conference presentation on teaching critical AI literacy. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A policy brief recommending updates to teacher education standards to include AI competencies*

Initial Draft Prompt:

Help me develop this as a [department/discipline] faculty member: A policy brief recommending updates to teacher education standards to include AI competencies. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

L2.2: AI-Supported Writing & Communication

Teacher (Classroom)

Deliverable 1: *A student-created multimedia project that uses AI for brainstorming and idea refinement*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm developing: A student-created multimedia project that uses AI for brainstorming and idea refinement. Generate a comprehensive,

implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A class blog that showcases student work and reflects on the creative process*

Initial Draft Prompt:

Working as a [grade level] [subject area] teacher, I need to produce: A class blog that showcases student work and reflects on the creative process. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: *A student-led presentation on the ethical use of AI in creative projects*

Initial Draft Prompt:

Please generate a full draft for me as a [grade level] [subject area] teacher: A student-led presentation on the ethical use of AI in creative projects. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: *A school-wide policy on the use of AI in the classroom*

Initial Draft Prompt:

Please generate a full draft for me as a [school/district] leader: A school-wide policy on the use of AI in the classroom. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *A professional development plan for teachers on integrating AI into their curriculum*

Initial Draft Prompt:

Please help me, as a [school/district] leader, to develop: A professional development plan for teachers on integrating AI into their curriculum. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A showcase of student work that demonstrates innovative uses of AI*

Initial Draft Prompt:

Working in my role as a [school/district] leader, I need to create: A showcase of student work that demonstrates innovative uses of AI. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards

and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *A portfolio of student work that demonstrates how AI can be used to support creative expression for students with disabilities*

Initial Draft Prompt:

Working in my role as a special education professional for [your grade level/caseload], I need to create: A portfolio of student work that demonstrates how AI can be used to support creative expression for students with disabilities. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: *A set of adapted project outlines that can be used with students with a variety of learning needs*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a working draft of: A set of adapted project outlines that can be used with students with a variety of learning needs. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: *A tip sheet for parents on how to support their child's creative development in the age of AI*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm building the following resource: A tip sheet for parents on how to support their child's creative development in the age of AI. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A curated collection of AI tools and resources for students and teachers*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm building the following resource: A curated collection of AI tools and resources for students and teachers. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: *A series of co-taught lessons on using AI for creative production*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a student support professional in [your role/setting]: A series of co-taught lessons on using AI for creative production. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: *A student-run help desk for students who need support using AI tools*

Initial Draft Prompt:

As a student support professional in [your role/setting], my goal is to create: A student-run help desk for students who need support using AI tools. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A syllabus for a course on AI and education*

Initial Draft Prompt:

As a [department/discipline] faculty member, my goal is to create: A syllabus for a course on AI and education. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *A research paper on the impact of AI on student creativity*

Initial Draft Prompt:

I'm a [department/discipline] faculty member looking to develop: A research paper on the impact of AI on student creativity. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A partnership with a professional setting to develop and pilot a new AI-powered learning tool*

Initial Draft Prompt:

As a [department/discipline] faculty member, I want to create: A partnership with a professional setting to develop and pilot a new AI-powered learning tool. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

L3.1: AI Tools for Accessibility & Inclusion

Teacher (Classroom)

Deliverable 1: *A co-created study plan for [your specific unit], saved as a shared document*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher working on the following: A co-created study plan for [your specific unit], saved as a shared document. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A 10-question practice quiz generated by AI, ready to be deployed to students*

Initial Draft Prompt:

Help me build this resource as a [grade level] [subject area] teacher: A 10-question practice quiz generated by AI, ready to be deployed to students. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *A student-created set of digital flashcards on a specific topic*

Initial Draft Prompt:

I need your help creating something as a [grade level] [subject area] teacher: A student-created set of digital flashcards on a specific topic. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *A slide deck for a professional development session on AI-assisted study skills*

Initial Draft Prompt:

I need your help creating something as a [school/district] leader: A slide deck for a professional development session on AI-assisted study skills. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A one-page guide for teachers with best-practice prompts for generating study plans*

Initial Draft Prompt:

As a [school/district] leader, I'm creating: A one-page guide for teachers with best-practice prompts for generating study plans. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *A brief report summarizing student usage data of an AI study tool*

Initial Draft Prompt:

I'm a [school/district] leader and I need a strong draft of the following: A brief report summarizing student usage data of an AI study tool. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *A customized retrieval practice worksheet tailored to a student's IEP goals*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] and I need a strong draft of the following: A customized retrieval practice worksheet tailored to a student's IEP goals. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A visual, icon-based study plan for a student with executive functioning needs*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a complete, ready-to-use draft of: A visual, icon-based study plan for a student with executive functioning needs. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A step-by-step checklist for completing a multi-stage academic project*

Initial Draft Prompt:

I'm working on the following as a special education professional for [your grade level/caseload]: A step-by-step checklist for completing a multi-stage academic project. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A tutorial video for students on how to use an AI tool to make their own study aids*

Initial Draft Prompt:

I'm working on the following as a student support professional in [your role/setting]: A tutorial video for students on how to use an AI tool to make their own study aids. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A folder of pre-made, AI-generated retrieval practice worksheets for various subjects*

Initial Draft Prompt:

Help me develop this as a student support professional in [your role/setting]: A folder of pre-made, AI-generated retrieval practice worksheets for various subjects. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A poster for the study hall with QR codes linking to approved AI study tools*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm developing: A poster for the study hall with QR codes linking to approved AI study tools. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A syllabus for a pre-service course module on AI and metacognition*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm developing: A syllabus for a pre-service course module on AI and metacognition. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *A completed research proposal ready for IRB review*

Initial Draft Prompt:

Working as a [department/discipline] faculty member, I need to produce: A completed research proposal ready for IRB review. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A portfolio of AI-generated instructional materials created by a teacher candidate*

Initial Draft Prompt:

Please generate a full draft for me as a [department/discipline] faculty member: A portfolio of AI-generated instructional materials created by a teacher candidate. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

L3.2: AI for Student Engagement & Motivation

Teacher (Classroom)

Deliverable 1: *A set of 5 AI-generated, differentiated reflection prompts for your next unit*

Initial Draft Prompt:

Please help me, as a [grade level] [subject area] teacher, to develop: A set of 5 AI-generated, differentiated reflection prompts for your next unit. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A one-paragraph summary of the key themes from your students’ latest journal entries, generated by an AI*

Initial Draft Prompt:

Working in my role as a [grade level] [subject area] teacher, I need to create: A one-paragraph summary of the key themes from your students’ latest journal entries, generated by an AI. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A co-created rubric for assessing reflection quality, developed with AI assistance*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a working draft of: A co-created rubric for assessing reflection quality, developed with AI assistance. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A draft of a school-wide acceptable use policy for AI in the classroom*

Initial Draft Prompt:

As a [school/district] leader, I need a working draft of: A draft of a school-wide acceptable use policy for AI in the classroom. Create a thorough, ready-to-use version I

can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A summary report of teacher feedback on a new instructional initiative, synthesized by an AI*

Initial Draft Prompt:

As a [school/district] leader, I'm building the following resource: A summary report of teacher feedback on a new instructional initiative, synthesized by an AI. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A presentation slide showcasing 3 examples of effective AI use for reflection in your school*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [school/district] leader: A presentation slide showcasing 3 examples of effective AI use for reflection in your school. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *A bank of scaffolded reflection prompts with sentence starters for a specific student*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a special education professional for [your grade level/caseload]: A bank of scaffolded reflection prompts with sentence starters for a specific student. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A text-to-speech enabled learning journal template for students*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], my goal is to create: A text-to-speech enabled learning journal template for students. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A progress monitoring report showing a student's growth in self-reflection, based on AI analysis of their journal*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] looking to develop: A progress monitoring report showing a student's growth in self-reflection, based on AI analysis of their journal. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A curated list of 10 reflection questions for use in student counseling sessions*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] looking to develop: A curated list of 10 reflection questions for use in student counseling sessions. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A flowchart for a simple, automated reflection chatbot for students*

Initial Draft Prompt:

As a student support professional in [your role/setting], I want to create: A flowchart for a simple, automated reflection chatbot for students. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A one-page summary of school climate survey data, highlighting areas related to student self-awareness*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] working on the following: A one-page summary of school climate survey data, highlighting areas related to student self-awareness. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A complete syllabus module on 'AI for Metacognition' for a teacher education course*

Initial Draft Prompt:

I'm a [department/discipline] faculty member working on the following: A complete syllabus module on 'AI for Metacognition' for a teacher education course. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A formal research proposal to study the effects of AI on student reflection*

Initial Draft Prompt:

Help me build this resource as a [department/discipline] faculty member: A formal research proposal to study the effects of AI on student reflection. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment

with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A comprehensive feedback report from a pilot program of a new AI tool in a partner school*

Initial Draft Prompt:

I need your help creating something as a [department/discipline] faculty member: A comprehensive feedback report from a pilot program of a new AI tool in a partner school. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

L3.3: AI for Project-Based & Authentic Learning

Teacher (Classroom)

Deliverable 1: *A color-coded mastery dashboard for a specific unit of study*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm creating: A color-coded mastery dashboard for a specific unit of study. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A set of personalized learning goals for three different students*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher and I need a strong draft of the following: A set of personalized learning goals for three different students. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: A student-facing reflection sheet for tracking their own progress

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a complete, ready-to-use draft of: A student-facing reflection sheet for tracking their own progress. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: A school-wide data summary identifying academic strengths and weaknesses

Initial Draft Prompt:

As a [school/district] leader, I need a complete, ready-to-use draft of: A school-wide data summary identifying academic strengths and weaknesses. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *A draft of a professional development plan to address an area of need*

Initial Draft Prompt:

I'm working on the following as a [school/district] leader: A draft of a professional development plan to address an area of need. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A list of key ethical guidelines for using AI in student assessment*

Initial Draft Prompt:

Help me develop this as a [school/district] leader: A list of key ethical guidelines for using AI in student assessment. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *An individualized mastery tracker aligned with a student's IEP goals*

Initial Draft Prompt:

Help me develop this as a special education professional for [your grade level/caseload]: An individualized mastery tracker aligned with a student's IEP goals. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: A data-driven progress monitoring report for an IEP meeting

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm developing: A data-driven progress monitoring report for an IEP meeting. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: A set of adapted learning targets for a student with a disability

Initial Draft Prompt:

Working as a special education professional for [your grade level/caseload], I need to produce: A set of adapted learning targets for a student with a disability. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A list of students identified for academic intervention*

Initial Draft Prompt:

Working as a student support professional in [your role/setting], I need to produce: A list of students identified for academic intervention. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: *A student-friendly goal-setting worksheet for an advisory session*

Initial Draft Prompt:

Please generate a full draft for me as a student support professional in [your role/setting]: A student-friendly goal-setting worksheet for an advisory session. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: *A template email for communicating with parents about academic support*

Initial Draft Prompt:

Please help me, as a student support professional in [your role/setting], to develop: A template email for communicating with parents about academic support. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening

alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A syllabus module on AI in assessment for a graduate student course*

Initial Draft Prompt:

Please help me, as a [department/discipline] faculty member, to develop: A syllabus module on AI in assessment for a graduate student course. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *An outline of a research study on AI and student goal-setting*

Initial Draft Prompt:

Working in my role as a [department/discipline] faculty member, I need to create: An outline of a research study on AI and student goal-setting. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A case study of a school's implementation of AI for mastery tracking*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a working draft of: A case study of a school's implementation of AI for mastery tracking. Create a thorough, ready-to-

use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

T1.1: Understanding AI: Concepts, Capabilities & Limitations

Teacher (Classroom)

Deliverable 1: *A co-created set of classroom norms for AI use, posted visually in the room*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm building the following resource: A co-created set of classroom norms for AI use, posted visually in the room. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A student-produced project that required them to critically evaluate and cite AI-generated content*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [grade level] [subject area] teacher: A student-produced project that required them to critically evaluate and cite AI-generated content. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *An exit ticket where students explain one strength and one limitation of generative AI*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, my goal is to create: An exit ticket where students explain one strength and one limitation of generative AI. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *A board-approved district AUP for generative AI, communicated to all stakeholders*

Initial Draft Prompt:

As a [school/district] leader, my goal is to create: A board-approved district AUP for generative AI, communicated to all stakeholders. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A calendar of AI-focused professional development sessions for the school year*

Initial Draft Prompt:

I'm a [school/district] leader looking to develop: A calendar of AI-focused professional development sessions for the school year. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *A summary report of a pilot program for a new, secure AI platform*

Initial Draft Prompt:

As a [school/district] leader, I want to create: A summary report of a pilot program for a new, secure AI platform. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *A curated list of AI-powered assistive technology tools that align with student IEP goals*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I want to create: A curated list of AI-powered assistive technology tools that align with student IEP goals. Build out a complete, well-structured draft I can refine and implement. Keep the

language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A portfolio of student work demonstrating growth in writing skills with the support of AI tools*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] working on the following: A portfolio of student work demonstrating growth in writing skills with the support of AI tools. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A log of AI tool evaluations, documenting the effectiveness of different platforms for specific student needs*

Initial Draft Prompt:

Help me build this resource as a special education professional for [your grade level/caseload]: A log of AI tool evaluations, documenting the effectiveness of different platforms for specific student needs. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A repository of templated parent communications that can be quickly customized using AI*

Initial Draft Prompt:

Help me build this resource as a student support professional in [your role/setting]: A repository of templated parent communications that can be quickly customized using AI. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A translated version of the school handbook, made accessible to multilingual families*

Initial Draft Prompt:

I need your help creating something as a student support professional in [your role/setting]: A translated version of the school handbook, made accessible to multilingual families. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A quick-reference guide for front office staff on the school's AI policies and procedures*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm creating: A quick-reference guide for front office staff on the school's AI policies and procedures. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A revised syllabus for a professional preparation course that includes a dedicated module on AI in education*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm creating: A revised syllabus for a professional preparation course that includes a dedicated module on AI in education. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *A conference presentation or publication sharing the findings of a research study on AI in educational settings*

Initial Draft Prompt:

I'm a [department/discipline] faculty member and I need a strong draft of the following: A conference presentation or publication sharing the findings of a research study on AI in educational settings. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A partnership agreement between the university and a local institution or community partner to collaborate on AI initiatives*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a complete, ready-to-use draft of: A partnership agreement between the university and a local institution or community partner to collaborate on AI initiatives. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

T1.2: Differentiation & Personalized Learning with AI

Teacher (Classroom)

Deliverable 1: *A revised lesson plan on the Civil Rights Movement that incorporates a variety of perspectives and resources*

Initial Draft Prompt:

I'm working on the following as a [grade level] [subject area] teacher: A revised lesson plan on the Civil Rights Movement that incorporates a variety of perspectives and resources. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A student-created infographic that explains the concept of algorithmic bias*

Initial Draft Prompt:

Help me develop this as a [grade level] [subject area] teacher: A student-created infographic that explains the concept of algorithmic bias. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A class set of guidelines for the responsible use of AI in the classroom*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm developing: A class set of guidelines for the responsible use of AI in the classroom. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A district-wide policy on the ethical use of AI in schools*

Initial Draft Prompt:

As a [school/district] leader, I'm developing: A district-wide policy on the ethical use of AI in schools. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A professional development workshop on "AI, Ethics, and Equity."*

Initial Draft Prompt:

Working as a [school/district] leader, I need to produce: A professional development workshop on "AI, Ethics, and Equity.". Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A rubric for vetting and approving new AI-powered educational tools*

Initial Draft Prompt:

Please generate a full draft for me as a [school/district] leader: A rubric for vetting and approving new AI-powered educational tools. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *A checklist for evaluating the accessibility and equity of AI-powered educational tools*

Initial Draft Prompt:

Please generate a full draft for me as a special education professional for [your grade level/caseload]: A checklist for evaluating the accessibility and equity of AI-powered educational tools. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *An adapted lesson plan on the American Revolution that includes a variety of accessible materials*

Initial Draft Prompt:

Please help me, as a special education professional for [your grade level/caseload], to develop: An adapted lesson plan on the American Revolution that includes a variety of accessible materials. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A curated list of AI-powered tools that can support students with executive functioning challenges*

Initial Draft Prompt:

Working in my role as a special education professional for [your grade level/caseload], I need to create: A curated list of AI-powered tools that can support students with executive functioning challenges. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2)

tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A one-page guide for parents on the responsible use of AI*

Initial Draft Prompt:

Working in my role as a student support professional in [your role/setting], I need to create: A one-page guide for parents on the responsible use of AI. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A school-wide digital citizenship campaign that focuses on the ethical use of AI*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a working draft of: A school-wide digital citizenship campaign that focuses on the ethical use of AI. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A student pledge for the responsible use of AI*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm building the following resource: A student pledge for the responsible use of AI. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A revised syllabus for a teacher education course that includes a module on AI ethics and bias*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm building the following resource: A revised syllabus for a teacher education course that includes a module on AI ethics and bias. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A research proposal for a study on the impact of AI on teaching and learning*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [department/discipline] faculty member: A research proposal for a study on the impact of AI on teaching and learning. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment

with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A grant proposal to fund a project on the ethical and responsible use of AI in education*

Initial Draft Prompt:

As a [department/discipline] faculty member, my goal is to create: A grant proposal to fund a project on the ethical and responsible use of AI in education. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

T1.3: SEL, Behavior & Student Wellness with AI

Teacher (Classroom)

Deliverable 1: *A co-created classroom poster outlining the Do's and Don'ts of AI use for assignments*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher looking to develop: A co-created classroom poster outlining the Do's and Don'ts of AI use for assignments. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A student-submitted assignment that includes a paragraph explaining how they used AI responsibly in their process*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I want to create: A student-submitted assignment that includes a paragraph explaining how they used AI responsibly in their process. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: *An exit ticket where students reflect on one way AI helped their learning and one potential pitfall they avoided*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher working on the following: An exit ticket where students reflect on one way AI helped their learning and one potential pitfall they avoided. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: *A revised district Acceptable Use Policy (AUP) that includes a new section on generative AI*

Initial Draft Prompt:

I'm a [school/district] leader working on the following: A revised district Acceptable Use Policy (AUP) that includes a new section on generative AI. Generate a complete, ready-

to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *A one-page summary of the district's AI policy to be distributed to parents at the start of the school year*

Initial Draft Prompt:

Help me build this resource as a [school/district] leader: A one-page summary of the district's AI policy to be distributed to parents at the start of the school year. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A professional development feedback survey for teachers to assess the effectiveness of AI training sessions*

Initial Draft Prompt:

I need your help creating something as a [school/district] leader: A professional development feedback survey for teachers to assess the effectiveness of AI training sessions. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *A set of differentiated reading passages on a science topic, adapted for three different reading levels using an AI tool*

Initial Draft Prompt:

I need your help creating something as a special education professional for [your grade level/caseload]: A set of differentiated reading passages on a science topic, adapted for three different reading levels using an AI tool. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: *An IEP with a specific, measurable goal related to a student's use of AI as an assistive technology for writing*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm creating: An IEP with a specific, measurable goal related to a student's use of AI as an assistive technology for writing. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: *A co-teaching plan developed with a general education teacher for a lesson that incorporates AI tools in an inclusive way*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] and I need a strong draft of the following: A co-teaching plan developed with a general education teacher for a lesson that incorporates AI tools in an inclusive way. Provide a complete version I can

customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A curated list of 5-7 district-approved AI tools, complete with links, descriptions, and best-use cases, hosted on the school library website*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] and I need a strong draft of the following: A curated list of 5-7 district-approved AI tools, complete with links, descriptions, and best-use cases, hosted on the school library website. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: *A short video tutorial for students on how to log in and get started with the school's primary AI platform*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a complete, ready-to-use draft of: A short video tutorial for students on how to log in and get started with the school's primary AI platform. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: *A one-page infographic on “Digital Citizenship in the Age of AI” to be displayed in classrooms and common areas*

Initial Draft Prompt:

I'm working on the following as a student support professional in [your role/setting]: A one-page infographic on “Digital Citizenship in the Age of AI” to be displayed in classrooms and common areas. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A syllabus for a teacher education course that includes a clear and comprehensive policy on the ethical use of AI*

Initial Draft Prompt:

I'm working on the following as a [department/discipline] faculty member: A syllabus for a teacher education course that includes a clear and comprehensive policy on the ethical use of AI. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *A case study analysis paper written by a graduate student, evaluating an ethical dilemma related to AI in their courses*

Initial Draft Prompt:

Help me develop this as a [department/discipline] faculty member: A case study analysis paper written by a graduate student, evaluating an ethical dilemma related to AI in their courses. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A literature review summarizing recent research on the impact of AI on student engagement and academic integrity*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm developing: A literature review summarizing recent research on the impact of AI on student engagement and academic integrity. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

T2.1: Formative Assessment & Real-Time Feedback

Teacher (Classroom)

Deliverable 1: *A complete, standards-aligned lesson plan for [your specific topic/unit], including learning objectives, activities, and assessments*

Initial Draft Prompt:

Working as a [grade level] [subject area] teacher, I need to produce: A complete, standards-aligned lesson plan for [your specific topic/unit], including learning objectives, activities, and assessments. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A set of differentiated materials for a single lesson, created with AI assistance (e.g., leveled texts, graphic organizers)*

Initial Draft Prompt:

Please generate a full draft for me as a [grade level] [subject area] teacher: A set of differentiated materials for a single lesson, created with AI assistance (e.g., leveled texts, graphic organizers). Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *A curated list of 3-5 AI-generated ideas for an engaging project-based learning unit, aligned to specific standards*

Initial Draft Prompt:

Please help me, as a [grade level] [subject area] teacher, to develop: A curated list of 3-5 AI-generated ideas for an engaging project-based learning unit, aligned to specific standards. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this

more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *A one-page guide for staff on “Best Practices for Prompting AI for Lesson Planning”;*

Initial Draft Prompt:

Please help me, as a [school/district] leader, to develop: A one-page guide for staff on “Best Practices for Prompting AI for Lesson Planning”. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A summary report analyzing 3-5 lesson plans from a specific grade level or department for standards-alignment and UDL, with recommendations*

Initial Draft Prompt:

Working in my role as a [school/district] leader, I need to create: A summary report analyzing 3-5 lesson plans from a specific grade level or department for standards-alignment and UDL, with recommendations. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *An agenda and all materials for a 30-minute faculty meeting presentation on leveraging AI for instructional design*

Initial Draft Prompt:

As a [school/district] leader, I need a working draft of: An agenda and all materials for a 30-minute faculty meeting presentation on leveraging AI for instructional design. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *An adapted lesson plan for a specific student with an IEP, including all modified materials and assessment tools*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a working draft of: An adapted lesson plan for a specific student with an IEP, including all modified materials and assessment tools. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A bank of pre-made, AI-generated graphic organizers and sentence frames for an upcoming ELA or Math unit*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm building the following resource: A bank of pre-made, AI-generated graphic organizers and sentence frames for an upcoming ELA or Math unit. Create a comprehensive draft I can customize

and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A choice board of AI-generated assessment options for a specific standard, designed to accommodate various student needs*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a special education professional for [your grade level/caseload]: A choice board of AI-generated assessment options for a specific standard, designed to accommodate various student needs. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A co-teaching lesson plan developed with a classroom teacher, clearly defining roles and responsibilities for supporting all learners*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a student support professional in [your role/setting]: A co-teaching lesson plan developed with a classroom teacher, clearly defining roles and responsibilities for supporting all learners. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A curated collection of multilingual resources, generated by AI, to support English Language Learners in a specific content area*

Initial Draft Prompt:

As a student support professional in [your role/setting], my goal is to create: A curated collection of multilingual resources, generated by AI, to support English Language Learners in a specific content area. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A 4-week outline for a small-group intervention, including weekly objectives and AI-generated activities*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] looking to develop: A 4-week outline for a small-group intervention, including weekly objectives and AI-generated activities. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A rubric for graduate students to use when evaluating AI-generated course materials*

Initial Draft Prompt:

I'm a [department/discipline] faculty member looking to develop: A rubric for graduate students to use when evaluating AI-generated course materials. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *A literature review on the use of AI in instructional design across disciplines, suitable for a graduate-level course*

Initial Draft Prompt:

As a [department/discipline] faculty member, I want to create: A literature review on the use of AI in instructional design across disciplines, suitable for a graduate-level course. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A detailed proposal for a conference presentation on preparing future teachers to use AI responsibly for course designning*

Initial Draft Prompt:

I'm a [department/discipline] faculty member working on the following: A detailed proposal for a conference presentation on preparing future teachers to use AI responsibly for course designning. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

T2.2: Data-Informed Instruction

Teacher (Classroom)

Deliverable 1: *A set of tiered reading materials for an upcoming ELA unit*

Initial Draft Prompt:

Help me build this resource as a [grade level] [subject area] teacher: A set of tiered reading materials for an upcoming ELA unit. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A choice board with 9 activities of varying complexity for a history topic*

Initial Draft Prompt:

I need your help creating something as a [grade level] [subject area] teacher: A choice board with 9 activities of varying complexity for a history topic. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A playlist of supplemental videos and articles, curated by an AI, to support a science concept*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm creating: A playlist of supplemental videos and articles, curated by an AI, to support a science concept. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A one-page guide for staff on "Ethical AI Use for Differentiation."*

Initial Draft Prompt:

As a [school/district] leader, I'm creating: A one-page guide for staff on "Ethical AI Use for Differentiation.". Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A presentation for the school board on how the school is leveraging AI to improve instructional equity*

Initial Draft Prompt:

I'm a [school/district] leader and I need a strong draft of the following: A presentation for the school board on how the school is leveraging AI to improve instructional equity. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A curated library of vetted, high-quality prompts for different subject areas and grade levels*

Initial Draft Prompt:

As a [school/district] leader, I need a complete, ready-to-use draft of: A curated library of vetted, high-quality prompts for different subject areas and grade levels. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *An adapted version of a grade-level math test, modified to meet a student's IEP accommodations*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a complete, ready-to-use draft of: An adapted version of a grade-level math test, modified to meet a student's IEP accommodations. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A bank of social stories generated by AI to address common classroom situations*

Initial Draft Prompt:

I'm working on the following as a special education professional for [your grade level/caseload]: A bank of social stories generated by AI to address common classroom situations. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A personalized visual schedule for a student, created with AI-suggested images and text*

Initial Draft Prompt:

Help me develop this as a special education professional for [your grade level/caseload]: A personalized visual schedule for a student, created with AI-suggested images and text. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A set of bilingual flashcards with key vocabulary for an upcoming science unit*

Initial Draft Prompt:

Help me develop this as a student support professional in [your role/setting]: A set of bilingual flashcards with key vocabulary for an upcoming science unit. Provide a

thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A simplified, step-by-step visual guide for a multi-step class project*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm developing: A simplified, step-by-step visual guide for a multi-step class project. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A collection of pre-teaching resources (e.g., short videos, simple articles) for an upcoming math topic*

Initial Draft Prompt:

Working as a student support professional in [your role/setting], I need to produce: A collection of pre-teaching resources (e.g., short videos, simple articles) for an upcoming math topic. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A revised syllabus that includes AI-related learning objectives and assignments*

Initial Draft Prompt:

Working as a [department/discipline] faculty member, I need to produce: A revised syllabus that includes AI-related learning objectives and assignments. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A rubric for evaluating AI-generated course materials*

Initial Draft Prompt:

Please generate a full draft for me as a [department/discipline] faculty member: A rubric for evaluating AI-generated course materials. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A student-led presentation on the ethical implications of AI in higher education*

Initial Draft Prompt:

Please help me, as a [department/discipline] faculty member, to develop: A student-led presentation on the ethical implications of AI in higher education. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

T2.3: Collaborative Planning & Professional Learning

Teacher (Classroom)

Deliverable 1: *A set of email templates for common parent communications (e.g., positive behavior note, missed homework, upcoming test)*

Initial Draft Prompt:

Working in my role as a [grade level] [subject area] teacher, I need to create: A set of email templates for common parent communications (e.g., positive behavior note, missed homework, upcoming test). Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A completed weekly classroom newsletter generated with AI assistance*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a working draft of: A completed weekly classroom newsletter generated with AI assistance. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: *A bank of personalized feedback comments for a specific upcoming assignment*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm building the following resource: A bank of personalized feedback comments for a specific upcoming assignment. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: *A district-wide announcement drafted and versioned for three different audiences (e.g., staff, parents, community)*

Initial Draft Prompt:

As a [school/district] leader, I'm building the following resource: A district-wide announcement drafted and versioned for three different audiences (e.g., staff, parents, community). Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *An executive summary of a long document (e.g., board meeting minutes, strategic plan)*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [school/district] leader: An executive summary of a long document (e.g., board meeting

minutes, strategic plan). Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A workflow diagram illustrating an AI-assisted process for analyzing and reporting on school data*

Initial Draft Prompt:

As a [school/district] leader, my goal is to create: A workflow diagram illustrating an AI-assisted process for analyzing and reporting on school data. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *A draft of three compliant, measurable, and personalized IEP goals for a specific student profile*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], my goal is to create: A draft of three compliant, measurable, and personalized IEP goals for a specific student profile. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and

improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: *A social story or other visual support created to help a student navigate a specific school situation*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] looking to develop: A social story or other visual support created to help a student navigate a specific school situation. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: *A set of differentiated instructional materials for a specific lesson, adapted for a student with learning disabilities*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I want to create: A set of differentiated instructional materials for a specific lesson, adapted for a student with learning disabilities. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A schedule of automated reminder messages for families regarding important deadlines or events*

Initial Draft Prompt:

As a student support professional in [your role/setting], I want to create: A schedule of automated reminder messages for families regarding important deadlines or events. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: *A school document translated into one or more languages to support multilingual families*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] working on the following: A school document translated into one or more languages to support multilingual families. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: *A concise summary of a student support team meeting, ready to be shared with relevant stakeholders*

Initial Draft Prompt:

Help me build this resource as a student support professional in [your role/setting]: A concise summary of a student support team meeting, ready to be shared with relevant stakeholders. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A completed feedback report on a graduate student's course design, with AI-generated suggestions for improvement*

Initial Draft Prompt:

Help me build this resource as a [department/discipline] faculty member: A completed feedback report on a graduate student's course design, with AI-generated suggestions for improvement. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *A draft of a course syllabus, including AI-generated weekly topics and assignment ideas*

Initial Draft Prompt:

I need your help creating something as a [department/discipline] faculty member: A draft of a course syllabus, including AI-generated weekly topics and assignment ideas. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A set of email templates for communicating with mentor teachers and university supervisors*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm creating: A set of email templates for communicating with mentor teachers and university supervisors. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

T2.4: AI for Communication & Family Engagement

Teacher (Classroom)

Deliverable 1: *A revised unit plan that incorporates at least one AI-inclusive assessment*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher and I need a strong draft of the following: A revised unit plan that incorporates at least one AI-inclusive assessment. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A student-facing guide on how to use AI responsibly and ethically in the classroom*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a complete, ready-to-use draft of: A student-facing guide on how to use AI responsibly and ethically in the classroom. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *A collection of student work samples that demonstrate both understanding of content and responsible AI use*

Initial Draft Prompt:

I'm working on the following as a [grade level] [subject area] teacher: A collection of student work samples that demonstrate both understanding of content and responsible AI use. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *A draft of a school-wide AI policy presented to the school board for feedback*

Initial Draft Prompt:

I'm working on the following as a [school/district] leader: A draft of a school-wide AI policy presented to the school board for feedback. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A professional development plan for teachers on AI in education, including a budget and timeline*

Initial Draft Prompt:

Help me develop this as a [school/district] leader: A professional development plan for teachers on AI in education, including a budget and timeline. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *A communication plan for engaging parents and the community in a conversation about AI in schools*

Initial Draft Prompt:

As a [school/district] leader, I'm developing: A communication plan for engaging parents and the community in a conversation about AI in schools. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *A portfolio of adapted assessments that use AI to support students with disabilities*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm developing: A portfolio of adapted assessments that use AI to support students with disabilities. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A resource bank of AI-powered assistive technology tools for students with IEPs*

Initial Draft Prompt:

Working as a special education professional for [your grade level/caseload], I need to produce: A resource bank of AI-powered assistive technology tools for students with IEPs. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A case study of a student with a disability who has benefited from the use of AI in the classroom*

Initial Draft Prompt:

Please generate a full draft for me as a special education professional for [your grade level/caseload]: A case study of a student with a disability who has benefited from the use of AI in the classroom. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A library of resources for students on digital literacy and responsible AI use*

Initial Draft Prompt:

Please generate a full draft for me as a student support professional in [your role/setting]: A library of resources for students on digital literacy and responsible AI use. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A series of workshops for students on how to use AI for research, writing, and studying*

Initial Draft Prompt:

Please help me, as a student support professional in [your role/setting], to develop: A series of workshops for students on how to use AI for research, writing, and studying. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A peer tutoring program that trains students to support their peers in using AI effectively and ethically*

Initial Draft Prompt:

Working in my role as a student support professional in [your role/setting], I need to create: A peer tutoring program that trains students to support their peers in using AI effectively and ethically. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A published research paper on AI in education in a peer-reviewed journal*

Initial Draft Prompt:

Working in my role as a [department/discipline] faculty member, I need to create: A published research paper on AI in education in a peer-reviewed journal. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *A new or revised course on AI in education for pre-service or in-service teachers*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a working draft of: A new or revised course on AI in education for pre-service or in-service teachers. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A partnership with a local organization or industry partner to pilot and evaluate innovative AI-powered learning tools*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm building the following resource: A partnership with a local organization or industry partner to pilot and evaluate innovative AI-powered learning tools. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

T3.1: SEL Frameworks & AI-Enhanced Instruction

Teacher (Classroom)

Deliverable 1: *A set of 5-7 formative assessments for [your specific unit], designed with AI assistance*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [grade level] [subject area] teacher: A set of 5-7 formative assessments for [your specific unit], designed with AI assistance. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A rubric for a performance-based task, co-created with an AI*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, my goal is to create: A rubric for a performance-based task, co-created with an AI. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A collection of differentiated questions for a specific lesson, generated by AI*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher looking to develop: A collection of differentiated questions for a specific lesson, generated by AI. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A draft of a school-wide policy on the ethical use of AI in assessment*

Initial Draft Prompt:

I'm a [school/district] leader looking to develop: A draft of a school-wide policy on the ethical use of AI in assessment. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A presentation for the school board summarizing school-wide assessment data and outlining a plan for improvement*

Initial Draft Prompt:

As a [school/district] leader, I want to create: A presentation for the school board summarizing school-wide assessment data and outlining a plan for improvement. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A curated digital library of high-quality formative assessment examples for teachers*

Initial Draft Prompt:

I'm a [school/district] leader working on the following: A curated digital library of high-quality formative assessment examples for teachers. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *An adapted formative assessment that is aligned to a student's specific IEP goal*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] working on the following: An adapted formative assessment that is aligned to a student's specific IEP goal. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A choice board of assessment options for a unit, designed using UDL principles with AI support*

Initial Draft Prompt:

Help me build this resource as a special education professional for [your grade level/caseload]: A choice board of assessment options for a unit, designed using UDL principles with AI support. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A set of progress-monitoring probes for a specific academic skill, created with AI*

Initial Draft Prompt:

I need your help creating something as a special education professional for [your grade level/caseload]: A set of progress-monitoring probes for a specific academic skill, created with AI. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A series of short, targeted formative assessments for use in tutoring or intervention groups*

Initial Draft Prompt:

I need your help creating something as a student support professional in [your role/setting]: A series of short, targeted formative assessments for use in tutoring or intervention groups. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A one-page guide for students on how to check for source credibility during online research*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm creating: A one-page guide for students on how to check for source credibility during online research. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A translated version of a classroom assessment for an English Language Learner*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] and I need a strong draft of the following: A translated version of a classroom assessment for an English Language Learner. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A syllabus for a graduate student course that includes a module on AI and assessment*

Initial Draft Prompt:

I'm a [department/discipline] faculty member and I need a strong draft of the following: A syllabus for a graduate student course that includes a module on AI and assessment. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A conference proposal for a presentation on your research into AI in academic assessment*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a complete, ready-to-use draft of: A conference proposal for a presentation on your research into AI in academic assessment. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A grant proposal to fund a research-practice partnership with a local organization or industry partner*

Initial Draft Prompt:

I'm working on the following as a [department/discipline] faculty member: A grant proposal to fund a research-practice partnership with a local organization or industry partner. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

T3.2: PBIS, Restorative Supports & AI

Teacher (Classroom)

Deliverable 1: *A set of differentiated exit tickets for a specific lesson, generated by an AI tool*

Initial Draft Prompt:

Help me develop this as a [grade level] [subject area] teacher: A set of differentiated exit tickets for a specific lesson, generated by an AI tool. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A reteaching plan for a small group of students, based on AI analysis of their work*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm developing: A reteaching plan for a small group of students, based on AI analysis of their work. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: *A student-created piece of writing that shows improvement after multiple rounds of AI-generated feedback*

Initial Draft Prompt:

Working as a [grade level] [subject area] teacher, I need to produce: A student-created piece of writing that shows improvement after multiple rounds of AI-generated feedback. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: *A district-wide policy on the ethical use of AI in assessment and feedback*

Initial Draft Prompt:

Working as a [school/district] leader, I need to produce: A district-wide policy on the ethical use of AI in assessment and feedback. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and

best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *A professional development plan for training teachers on how to use AI-powered feedback tools*

Initial Draft Prompt:

Please generate a full draft for me as a [school/district] leader: A professional development plan for training teachers on how to use AI-powered feedback tools. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A report summarizing school-wide assessment data, with insights generated by an AI analysis*

Initial Draft Prompt:

Please help me, as a [school/district] leader, to develop: A report summarizing school-wide assessment data, with insights generated by an AI analysis. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *An adapted text or assignment, modified by an AI tool to meet the needs of a student with a disability*

Initial Draft Prompt:

Please help me, as a special education professional for [your grade level/caseload], to develop: An adapted text or assignment, modified by an AI tool to meet the needs of a student with a disability. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: *A progress monitoring report for an IEP goal, with data visualizations created by an AI tool*

Initial Draft Prompt:

Working in my role as a special education professional for [your grade level/caseload], I need to create: A progress monitoring report for an IEP goal, with data visualizations created by an AI tool. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: *A social story or other behavioral support, created with the help of an AI writing assistant*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a working draft of: A social story or other behavioral support, created with the help of an AI writing assistant. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A translated parent communication, created using an AI-powered translation tool*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a working draft of: A translated parent communication, created using an AI-powered translation tool. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: *A curated list of AI-powered study tools for students, shared via the school counseling website*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm building the following resource: A curated list of AI-powered study tools for students, shared via the school counseling website. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: *A student-led presentation on how to use AI responsibly for academic work*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a student support professional in [your role/setting]: A student-led presentation on how to use AI responsibly for academic work. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A syllabus for a professional preparation course that includes a module on AI in education*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [department/discipline] faculty member: A syllabus for a professional preparation course that includes a module on AI in education. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *A case study of a school's implementation of an AI-powered learning tool, suitable for use in a university class*

Initial Draft Prompt:

As a [department/discipline] faculty member, my goal is to create: A case study of a school's implementation of an AI-powered learning tool, suitable for use in a university class. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A published research article on the impact of AI on teaching and learning in professional settings*

Initial Draft Prompt:

I'm a [department/discipline] faculty member looking to develop: A published research article on the impact of AI on teaching and learning in professional settings. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

T3.3: Trauma-Informed Practice & AI

Teacher (Classroom)

Deliverable 1: *A set of differentiated lesson plans based on AI-driven analysis of student needs*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I want to create: A set of differentiated lesson plans based on AI-driven analysis of student needs. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A co-authored common assessment created with AI assistance to ensure alignment and rigor*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher working on the following: A co-authored common assessment created with AI assistance to ensure alignment and rigor. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *A summary report of student misconceptions from a recent formative assessment, ready to share with the collaborative team*

Initial Draft Prompt:

Help me build this resource as a [grade level] [subject area] teacher: A summary report of student misconceptions from a recent formative assessment, ready to share with the collaborative team. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *A district-wide policy document on the ethical use of AI in collaborative teams*

Initial Draft Prompt:

Help me build this resource as a [school/district] leader: A district-wide policy document on the ethical use of AI in collaborative teams. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A presentation for the school board summarizing school-wide data trends identified with AI*

Initial Draft Prompt:

I need your help creating something as a [school/district] leader: A presentation for the school board summarizing school-wide data trends identified with AI. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *A monthly newsletter to staff highlighting successful examples of AI use in collaborative teams across the school*

Initial Draft Prompt:

As a [school/district] leader, I'm creating: A monthly newsletter to staff highlighting successful examples of AI use in collaborative teams across the school. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *An updated IEP progress report with AI-generated data visualizations and suggested next steps*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm creating: An updated IEP progress report with AI-generated data visualizations and suggested next steps. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A collection of scaffolded materials adapted by AI for students on your caseload*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] and I need a strong draft of the following: A collection of scaffolded materials adapted by AI for students on your caseload. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A curated list of research-based interventions, sourced via AI, for specific learning challenges identified in the collaborative team*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a complete, ready-to-use draft of: A curated list of research-based interventions, sourced via AI, for specific learning challenges identified in the collaborative team. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A concise summary report of team data findings for the school counseling department*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a complete, ready-to-use draft of: A concise summary report of team data findings for the school counseling department. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A prioritized list of students needing check-ins, based on AI analysis of attendance and academic data*

Initial Draft Prompt:

I'm working on the following as a student support professional in [your role/setting]: A prioritized list of students needing check-ins, based on AI analysis of attendance and academic data. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A set of templated family communication emails about student progress, derived from collaborative team insights*

Initial Draft Prompt:

Help me develop this as a student support professional in [your role/setting]: A set of templated family communication emails about student progress, derived from collaborative team insights. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A syllabus for a pre-service course including a module on AI in collaborative teams*

Initial Draft Prompt:

Help me develop this as a [department/discipline] faculty member: A syllabus for a pre-service course including a module on AI in collaborative teams. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *A completed IRB application for a research study on AI's impact in collaborative academic teams*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm developing: A completed IRB application for a research study on AI's impact in collaborative academic teams. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A facilitator's guide and slide deck for a professional development workshop on AI for collaborative teams*

Initial Draft Prompt:

Working as a [department/discipline] faculty member, I need to produce: A facilitator's guide and slide deck for a professional development workshop on AI for collaborative teams. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

D1.1: AI for School Improvement Planning

Teacher (Classroom)

Deliverable 1: *A data-driven instructional plan for a unit of study*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a complete, ready-to-use draft of: A data-driven instructional plan for a unit of study. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A portfolio of student work that demonstrates growth over time*

Initial Draft Prompt:

I'm working on the following as a [grade level] [subject area] teacher: A portfolio of student work that demonstrates growth over time. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A reflection on how the use of AI has impacted teaching and learning in the classroom*

Initial Draft Prompt:

Help me develop this as a [grade level] [subject area] teacher: A reflection on how the use of AI has impacted teaching and learning in the classroom. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A school improvement plan that is informed by AI-assisted needs assessment*

Initial Draft Prompt:

Help me develop this as a [school/district] leader: A school improvement plan that is informed by AI-assisted needs assessment. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A presentation to the school board on the findings of a needs assessment and the proposed solutions*

Initial Draft Prompt:

As a [school/district] leader, I'm developing: A presentation to the school board on the findings of a needs assessment and the proposed solutions. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A professional development plan for teachers on using data to inform instruction*

Initial Draft Prompt:

Working as a [school/district] leader, I need to produce: A professional development plan for teachers on using data to inform instruction. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *An IEP that is aligned with the student's individual needs and goals*

Initial Draft Prompt:

Working as a special education professional for [your grade level/caseload], I need to produce: An IEP that is aligned with the student's individual needs and goals. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A progress monitoring report that shows the student's growth over time*

Initial Draft Prompt:

Please generate a full draft for me as a special education professional for [your grade level/caseload]: A progress monitoring report that shows the student's growth over time. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A transition plan that prepares the student for success after high school*

Initial Draft Prompt:

Please help me, as a special education professional for [your grade level/caseload], to develop: A transition plan that prepares the student for success after high school. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A caseload management system that helps to track student progress and identify students who need additional support*

Initial Draft Prompt:

Please help me, as a student support professional in [your role/setting], to develop: A caseload management system that helps to track student progress and identify students who need additional support. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A resource guide for families on how to support their child's learning at home*

Initial Draft Prompt:

Working in my role as a student support professional in [your role/setting], I need to create: A resource guide for families on how to support their child's learning at home. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A school-wide program to promote positive behavior and prevent bullying*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a working draft of: A school-wide program to promote positive behavior and prevent bullying. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A syllabus for a course on AI in education*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a working draft of: A syllabus for a course on AI in education. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A research paper on the use of AI to improve student outcomes*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm building the following resource: A research paper on the use of AI to improve student outcomes. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A grant proposal to fund a project on AI in education*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [department/discipline] faculty member: A grant proposal to fund a project on AI in education. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

D1.2: AI for Instructional Coaching & Teacher Development

Teacher (Classroom)

Deliverable 1: *A personalized learning plan for one student based on dashboard data*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, my goal is to create: A personalized learning plan for one student based on dashboard data. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A set of differentiated exit tickets for an upcoming lesson*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher looking to develop: A set of differentiated exit tickets for an upcoming lesson. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: *A communication log for sharing dashboard insights with parents*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I want to create: A communication log for sharing dashboard insights with parents. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: *A proposal for a new school-wide data dashboard, including key metrics and a rollout plan*

Initial Draft Prompt:

As a [school/district] leader, I want to create: A proposal for a new school-wide data dashboard, including key metrics and a rollout plan. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *A presentation for the school board on how the district is using data to drive improvement*

Initial Draft Prompt:

I'm a [school/district] leader working on the following: A presentation for the school board on how the district is using data to drive improvement. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A protocol for conducting data-driven conversations with teachers and staff*

Initial Draft Prompt:

Help me build this resource as a [school/district] leader: A protocol for conducting data-driven conversations with teachers and staff. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *A revised IEP for a student, with updated goals and interventions based on dashboard data*

Initial Draft Prompt:

Help me build this resource as a special education professional for [your grade level/caseload]: A revised IEP for a student, with updated goals and interventions based on dashboard data. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: *A co-teaching lesson plan developed with a general education teacher, incorporating dashboard insights*

Initial Draft Prompt:

I need your help creating something as a special education professional for [your grade level/caseload]: A co-teaching lesson plan developed with a general education teacher, incorporating dashboard insights. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: *A progress report for parents that visualizes their child's progress toward IEP goals*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm creating: A progress report for parents that visualizes their child's progress toward IEP goals. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A case study of a student who received targeted support based on dashboard data*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm creating: A case study of a student who received targeted support based on dashboard data. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: *A resource map of all available student support services, to be shared with staff and families*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] and I need a strong draft of the following: A resource map of all available student support services, to be shared with staff and families. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: *An evaluation report on the effectiveness of a specific support program, using dashboard data*

Initial Draft Prompt:

As a student support professional in [your role/setting], I need a complete, ready-to-use draft of: An evaluation report on the effectiveness of a specific support program, using dashboard data. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A research proposal for a study on the use of real-time data in higher education*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a complete, ready-to-use draft of: A research proposal for a study on the use of real-time data in higher education. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *A curriculum for a new course on educational data science*

Initial Draft Prompt:

I'm working on the following as a [department/discipline] faculty member: A curriculum for a new course on educational data science. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A white paper on the ethical considerations of using AI-powered data dashboards in schools*

Initial Draft Prompt:

Help me develop this as a [department/discipline] faculty member: A white paper on the ethical considerations of using AI-powered data dashboards in schools. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

D1.3: AI for Data-Driven Decision Making

Teacher (Classroom)

Deliverable 1: *A team meeting agenda for an upcoming meeting that was generated or refined using AI*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm developing: A team meeting agenda for an upcoming meeting that was generated or refined using AI. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current

educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A summary of a collaborative team discussion about student work, with key insights and action items identified by an AI tool*

Initial Draft Prompt:

Working as a [grade level] [subject area] teacher, I need to produce: A summary of a collaborative team discussion about student work, with key insights and action items identified by an AI tool. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *A re-teaching plan for a specific skill or concept, created in collaboration with an AI assistant*

Initial Draft Prompt:

Please generate a full draft for me as a [grade level] [subject area] teacher: A re-teaching plan for a specific skill or concept, created in collaboration with an AI assistant. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *A school-wide data analysis report, with key trends and achievement gaps identified by an AI tool*

Initial Draft Prompt:

Please generate a full draft for me as a [school/district] leader: A school-wide data analysis report, with key trends and achievement gaps identified by an AI tool. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A new or revised protocol for collaborative teams to use when analyzing data, developed with AI support*

Initial Draft Prompt:

Please help me, as a [school/district] leader, to develop: A new or revised protocol for collaborative teams to use when analyzing data, developed with AI support. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *A professional development plan for using AI in collaborative teams, with resources and activities curated by an AI assistant*

Initial Draft Prompt:

Working in my role as a [school/district] leader, I need to create: A professional development plan for using AI in collaborative teams, with resources and activities curated by an AI assistant. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *An analysis of IEP data for a group of students, with common goals and challenges identified by an AI tool*

Initial Draft Prompt:

Working in my role as a special education professional for [your grade level/caseload], I need to create: An analysis of IEP data for a group of students, with common goals and challenges identified by an AI tool. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A curated list of research-based interventions for a specific student need, generated by an AI assistant*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a working draft of: A curated list of research-based interventions for a specific student need, generated by an AI assistant. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A co-teaching plan for [your specific unit], developed in collaboration with a general education teacher and an AI tool*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm building the following resource: A co-teaching plan for [your specific unit], developed in collaboration with a general education teacher and an AI tool. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A list of at-risk students identified by an AI tool based on attendance and behavior data*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm building the following resource: A list of at-risk students identified by an AI tool based on attendance and behavior data. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A personalized learning plan for a student, created with the support of an AI assistant*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a student support professional in [your role/setting]: A personalized learning plan for a student, created with the support of an AI assistant. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A list of community resources for a specific student or family need, generated by an AI tool*

Initial Draft Prompt:

As a student support professional in [your role/setting], my goal is to create: A list of community resources for a specific student or family need, generated by an AI tool. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A new or revised course module on using AI to support collaborative teams*

Initial Draft Prompt:

As a [department/discipline] faculty member, my goal is to create: A new or revised course module on using AI to support collaborative teams. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *A draft of a research proposal on the impact of AI on collaborative teams*

Initial Draft Prompt:

I'm a [department/discipline] faculty member looking to develop: A draft of a research proposal on the impact of AI on collaborative teams. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A partnership plan with a professional setting district to pilot an AI-supported collaborative team model*

Initial Draft Prompt:

As a [department/discipline] faculty member, I want to create: A partnership plan with a professional setting district to pilot an AI-supported collaborative team model. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

D1.4: AI for Strategic Communication & Community Engagement

Teacher (Classroom)

Deliverable 1: *A differentiated lesson plan that incorporates AI-powered tools to support student learning*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher working on the following: A differentiated lesson plan that incorporates AI-powered tools to support student learning. Generate a

complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A portfolio of student work that demonstrates growth in a specific skill or content area*

Initial Draft Prompt:

Help me build this resource as a [grade level] [subject area] teacher: A portfolio of student work that demonstrates growth in a specific skill or content area. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A reflection on how the use of AI has impacted student engagement and learning in the classroom*

Initial Draft Prompt:

I need your help creating something as a [grade level] [subject area] teacher: A reflection on how the use of AI has impacted student engagement and learning in the classroom. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: *A school improvement plan that is informed by AI-driven data analysis and includes clear goals, strategies, and metrics for success*

Initial Draft Prompt:

I need your help creating something as a [school/district] leader: A school improvement plan that is informed by AI-driven data analysis and includes clear goals, strategies, and metrics for success. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: *A professional development plan for staff on how to use AI tools to support teaching and learning*

Initial Draft Prompt:

As a [school/district] leader, I'm creating: A professional development plan for staff on how to use AI tools to support teaching and learning. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: *A presentation to the school board or community on the school's progress in implementing the school improvement plan*

Initial Draft Prompt:

I'm a [school/district] leader and I need a strong draft of the following: A presentation to the school board or community on the school's progress in implementing the school improvement plan. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *An IEP that includes goals and objectives that are aligned with the school improvement plan and incorporate the use of assistive technology*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] and I need a strong draft of the following: An IEP that includes goals and objectives that are aligned with the school improvement plan and incorporate the use of assistive technology. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A portfolio of student work that demonstrates progress towards their IEP goals*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I need a complete, ready-to-use draft of: A portfolio of student work that demonstrates progress towards their IEP goals. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A presentation to the IEP team on the student's progress and the effectiveness of the interventions and supports that have been implemented*

Initial Draft Prompt:

I'm working on the following as a special education professional for [your grade level/caseload]: A presentation to the IEP team on the student's progress and the effectiveness of the interventions and supports that have been implemented. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A comprehensive school counseling program that is aligned with the school improvement plan and addresses the social-emotional needs of all students*

Initial Draft Prompt:

I'm working on the following as a student support professional in [your role/setting]: A comprehensive school counseling program that is aligned with the school improvement plan and addresses the social-emotional needs of all students. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A series of workshops for parents and families on topics such as mental health, college and career readiness, and academic support*

Initial Draft Prompt:

Help me develop this as a student support professional in [your role/setting]: A series of workshops for parents and families on topics such as mental health, college and career readiness, and academic support. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: *A crisis intervention plan that is regularly reviewed and updated to ensure that the school is prepared to respond to any emergencies*

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm developing: A crisis intervention plan that is regularly reviewed and updated to ensure that the school is prepared to respond to any emergencies. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: *A research paper or presentation on the use of AI in higher education*

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm developing: A research paper or presentation on the use of AI in higher education. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: *A syllabus for a course or professional development workshop on AI in education*

Initial Draft Prompt:

Working as a [department/discipline] faculty member, I need to produce: A syllabus for a course or professional development workshop on AI in education. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: *A grant proposal to fund a research project or program related to AI in education*

Initial Draft Prompt:

Please generate a full draft for me as a [department/discipline] faculty member: A grant proposal to fund a research project or program related to AI in education. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

D2.1: AI Policy, Governance & Ethical Leadership

Teacher (Classroom)

Deliverable 1: *A set of classroom norms for responsible AI use, co-created with students*

Initial Draft Prompt:

Please help me, as a [grade level] [subject area] teacher, to develop: A set of classroom norms for responsible AI use, co-created with students. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [grade level] [subject area] teacher, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 2: *A lesson plan that integrates a district-approved AI tool to support student learning*

Initial Draft Prompt:

Working in my role as a [grade level] [subject area] teacher, I need to create: A lesson plan that integrates a district-approved AI tool to support student learning. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [grade level] [subject area] teacher, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 3: *A student work sample that demonstrates critical evaluation of AI-generated content*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a working draft of: A student work sample that demonstrates critical evaluation of AI-generated content. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [grade level] [subject area] teacher, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Leader (School/District)

Deliverable 1: *A draft of a district-wide AI policy, developed with a diverse task force*

Initial Draft Prompt:

As a [school/district] leader, I need a working draft of: A draft of a district-wide AI policy, developed with a diverse task force. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a [school/district] leader, (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 2: *A professional development plan for training staff on the AI policy*

Initial Draft Prompt:

As a [school/district] leader, I'm building the following resource: A professional development plan for training staff on the AI policy. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [school/district] leader, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 3: *A communication plan for rolling out the AI policy to students, families, and the community*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [school/district] leader: A communication plan for rolling out the AI policy to students, families, and the community. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [school/district] leader, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Special Education Professional

Deliverable 1: *A set of guidelines for using AI to support students with disabilities*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a special education professional for [your grade level/caseload]: A set of guidelines for using AI to support students with disabilities. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a special education professional for [your grade level/caseload], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 2: *An adapted curriculum unit that uses AI to provide accessibility and differentiation*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], my goal is to create: An adapted curriculum unit that uses AI to provide accessibility and differentiation. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a special education professional for [your grade level/caseload], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 3: *A list of recommended AI-powered assistive technology tools for students with IEPs*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] looking to develop: A list of recommended AI-powered assistive technology tools for students with IEPs. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a special education professional for [your grade level/caseload], (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Student Support Professional

Deliverable 1: *A resource guide for students and families on the district's AI policy*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] looking to develop: A resource guide for students and families on the district's AI policy. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a student support professional in [your role/setting], (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 2: *A protocol for using an AI chatbot to support student well-being*

Initial Draft Prompt:

As a student support professional in [your role/setting], I want to create: A protocol for using an AI chatbot to support student well-being. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a student support professional in [your role/setting], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 3: *A presentation for staff on how to use AI to improve communication with families*

Initial Draft Prompt:

I'm a student support professional in [your role/setting] working on the following: A presentation for staff on how to use AI to improve communication with families. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a student support professional in [your role/setting], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Higher Education Faculty

Deliverable 1: *A syllabus module on AI ethics and policy for a professional preparation course*

Initial Draft Prompt:

I'm a [department/discipline] faculty member working on the following: A syllabus module on AI ethics and policy for a professional preparation course. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [department/discipline] faculty member, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 2: *A case study of a institutional's AI policy implementation, suitable for publication*

Initial Draft Prompt:

Help me build this resource as a [department/discipline] faculty member: A case study of a institutional's AI policy implementation, suitable for publication. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [department/discipline] faculty member, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 3: *A conference presentation sharing research findings on the impact of AI in higher education*

Initial Draft Prompt:

I need your help creating something as a [department/discipline] faculty member: A conference presentation sharing research findings on the impact of AI in higher education. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a [department/discipline] faculty member, (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

D2.2: AI for Equity & Culturally Responsive Leadership

Teacher (Classroom)

Deliverable 1: *A paragraph for a class newsletter explaining a new AI tool to parents*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm creating: A paragraph for a class newsletter explaining a new AI tool to parents. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [grade level] [subject area] teacher, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 2: *A classroom poster with 'Dos and Don'ts' for using AI responsibly*

Initial Draft Prompt:

I'm a [grade level] [subject area] teacher and I need a strong draft of the following: A classroom poster with 'Dos and Don'ts' for using AI responsibly. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [grade level] [subject area] teacher, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 3: *A script for a 2-minute presentation on your AI philosophy for Back-to-School Night*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I need a complete, ready-to-use draft of: A script for a 2-minute presentation on your AI philosophy for Back-to-School Night. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [grade level] [subject area] teacher, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Leader (School/District)

Deliverable 1: *An FAQ document about the district's AI policies for the school website*

Initial Draft Prompt:

As a [school/district] leader, I need a complete, ready-to-use draft of: An FAQ document about the district's AI policies for the school website. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a [school/district] leader, (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 2: *A slide deck for a presentation to the school board on the district's AI strategic plan*

Initial Draft Prompt:

I'm working on the following as a [school/district] leader: A slide deck for a presentation to the school board on the district's AI strategic plan. Produce a comprehensive draft I can customize for my specific students and setting. Use clear, professional language and ensure it reflects current best practices.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a [school/district] leader, (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Deliverable 3: *A timeline and agenda for a series of community listening sessions about AI*

Initial Draft Prompt:

Help me develop this as a [school/district] leader: A timeline and agenda for a series of community listening sessions about AI. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [school/district] leader, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Special Education Professional

Deliverable 1: *A one-page, jargon-free guide for parents on a specific assistive AI tool*

Initial Draft Prompt:

Help me develop this as a special education professional for [your grade level/caseload]: A one-page, jargon-free guide for parents on a specific assistive AI tool. Provide a thorough, well-organized draft I can review and tailor to my specific students and context. Prioritize clarity, usability, and alignment with educational best practices.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a special education professional for [your grade level/caseload], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 2: *A bank of comments for IEP progress reports that describe student growth using AI tools*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I'm developing: A bank of comments for IEP progress reports that describe student growth using AI tools. Generate a comprehensive, implementation-ready draft I can review and customize. Focus on practical usability, clear formatting, and alignment with current educational standards.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a special education professional for [your grade level/caseload], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Deliverable 3: *A collaborative presentation with a general education teacher for a parent workshop on AI and accessibility*

Initial Draft Prompt:

Working as a special education professional for [your grade level/caseload], I need to produce: A collaborative presentation with a general education teacher for a parent workshop on AI and accessibility. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a special education professional for [your grade level/caseload], (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Student Support Professional

Deliverable 1: *A section on responsible AI use for the student handbook*

Initial Draft Prompt:

Working as a student support professional in [your role/setting], I need to produce: A section on responsible AI use for the student handbook. Please generate a full draft I can review and adapt. Ensure it is well-organized, uses accessible language, and aligns with best practices in the field.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that

would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 2: *A resource guide for school counselors with articles and videos about AI and career readiness*

Initial Draft Prompt:

Please generate a full draft for me as a student support professional in [your role/setting]: A resource guide for school counselors with articles and videos about AI and career readiness. Provide a comprehensive, well-structured version I can customize and implement. Use accessible language and ensure it aligns with best practices in education.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a student support professional in [your role/setting], (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.

Deliverable 3: *A flowchart for front-office staff to direct parent inquiries about AI to the appropriate person*

Initial Draft Prompt:

Please help me, as a student support professional in [your role/setting], to develop: A flowchart for front-office staff to direct parent inquiries about AI to the appropriate person. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a student support professional in [your role/setting], (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Higher Education Faculty

Deliverable 1: *A new syllabus for a graduate student course on 'Technology and Communication in the 21st Century.'*

Initial Draft Prompt:

Please help me, as a [department/discipline] faculty member, to develop: A new syllabus for a graduate student course on 'Technology and Communication in the 21st Century.'. Generate a detailed, ready-to-use draft I can review and adapt to my specific context. Prioritize practical language and alignment with educational standards.

Review & Refine Prompt:

Improve the draft above with these specific goals: (1) sharpen the language for my context as a [department/discipline] faculty member, (2) ensure the content aligns with current educational standards and best practices, (3) identify and fill any gaps that reduce its usefulness. Explain the changes you made.

Deliverable 2: *A peer-reviewed journal article analyzing the impact of stakeholder engagement on AI adoption in schools*

Initial Draft Prompt:

Working in my role as a [department/discipline] faculty member, I need to create: A peer-reviewed journal article analyzing the impact of stakeholder engagement on AI adoption in schools. Provide a comprehensive draft I can review and customize. Make it practical, clearly formatted, and aligned with best practices in education.

Review & Refine Prompt:

Improve this draft by focusing on three things: (1) making the language more relevant to my specific context as a [department/discipline] faculty member, (2) ensuring alignment with educational standards and best practices, (3) adding any missing components that would increase its completeness and usability. Note what changed.

Deliverable 3: *A policy brief for state legislators on the importance of funding AI-related professional development for educators*

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a working draft of: A policy brief for state legislators on the importance of funding AI-related professional development for educators. Create a thorough, ready-to-use version I can review and tailor to my context. Emphasize clarity, practical application, and alignment with best practices in education.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a [department/discipline] faculty member, (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

D2.3: Building a Sustainable AI-Ready School Culture

Teacher (Classroom)

Deliverable 1: *A four-week classroom change routine plan*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, I'm building the following resource: A four-week classroom change routine plan. Create a comprehensive draft I can customize and implement. Make it practical, clearly formatted, and grounded in sound educational practice.

Review & Refine Prompt:

Review the draft above and improve it by: (1) making the language more specific to my context as a [grade level] [subject area] teacher, (2) ensuring alignment with current educational standards and best practices, (3) adding any missing elements that would make this more complete and actionable. Highlight what you changed and why.

Deliverable 2: *A team capacity-building plan for one shared instructional priority*

Initial Draft Prompt:

I need a complete draft of the following, written from my perspective as a [grade level] [subject area] teacher: A team capacity-building plan for one shared instructional priority. Make it thorough, clearly organized, and ready for me to review and adapt to my specific context and community.

Review & Refine Prompt:

Refine the draft above as follows: (1) adjust the language to better fit my context as a [grade level] [subject area] teacher, (2) ensure every element reflects current educational standards and best practices, (3) add anything that would make this more complete and actionable. Explain what you revised and why.

Deliverable 3: *A transparent AI integration plan for one professional workflow*

Initial Draft Prompt:

As a [grade level] [subject area] teacher, my goal is to create: A transparent AI integration plan for one professional workflow. Develop a comprehensive,

implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a [grade level] [subject area] teacher, (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Leader (School/District)

Deliverable 1: A change readiness scan for one initiative

Initial Draft Prompt:

As a [school/district] leader, my goal is to create: A change readiness scan for one initiative. Develop a comprehensive, implementation-ready draft tailored to an educational context. Use clear formatting and practical language throughout.

Review & Refine Prompt:

Revise and strengthen the draft above: (1) make the language more targeted to my role as a [school/district] leader, (2) confirm and deepen alignment with current educational standards and best practices, (3) add any missing pieces that would make this more complete and ready to use. Note your revisions.

Deliverable 2: A 90-day capacity-building roadmap

Initial Draft Prompt:

I'm a [school/district] leader looking to develop: A 90-day capacity-building roadmap. Create a thorough draft I can review and tailor to my students and school context. Emphasize clarity, practical application, and professional quality.

Review & Refine Prompt:

Take the draft above and make it stronger: (1) tailor the language more specifically to my context as a [school/district] leader, (2) verify alignment with current educational standards and best practices, (3) expand or clarify anything that would make this more useful in practice. Tell me what you revised.

Deliverable 3: A one-page AI integration plan

Initial Draft Prompt:

As a [school/district] leader, I want to create: A one-page AI integration plan. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [school/district] leader, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Special Education Professional

Deliverable 1: *A team consistency plan for one special education process*

Initial Draft Prompt:

As a special education professional for [your grade level/caseload], I want to create: A team consistency plan for one special education process. Build out a complete, well-structured draft I can refine and implement. Keep the language accessible, the format clear, and the content grounded in educational best practices.

Review & Refine Prompt:

Strengthen the draft above in these ways: (1) refine the language to better fit my role as a special education professional for [your grade level/caseload], (2) check and improve alignment with educational standards and best practices, (3) complete any sections that feel underdeveloped or missing. Explain your revisions.

Deliverable 2: *A change-support plan for service delivery improvement*

Initial Draft Prompt:

I'm a special education professional for [your grade level/caseload] working on the following: A change-support plan for service delivery improvement. Generate a complete, ready-to-use draft I can adapt for my setting. Use clear structure, practical language, and ensure it reflects current best practices in education.

Review & Refine Prompt:

Improve the draft above by: (1) tailoring the language more precisely to my role as a special education professional for [your grade level/caseload], (2) verifying and strengthening alignment with educational standards and best practices, (3) identifying and addressing any missing components. Summarize the changes you made.

Deliverable 3: *A responsible AI support workflow with privacy safeguards*

Initial Draft Prompt:

Help me build this resource as a special education professional for [your grade level/caseload]: A responsible AI support workflow with privacy safeguards. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Take the draft above and improve it in three ways: (1) refine the language to better match my context as a special education professional for [your grade level/caseload], (2) tighten alignment with current educational standards and best practices, (3) add any elements needed to make this fully actionable. Highlight your changes.

Student Support Professional

Deliverable 1: *A process-improvement plan for one operational workflow*

Initial Draft Prompt:

Help me build this resource as a student support professional in [your role/setting]: A process-improvement plan for one operational workflow. Provide a complete, well-organized draft I can adapt for my school community. Use professional language, clear structure, and ensure it is grounded in sound educational practice.

Review & Refine Prompt:

Enhance the draft above by: (1) grounding the language more firmly in my specific context as a student support professional in [your role/setting], (2) ensuring strong alignment with educational standards and best practices, (3) completing any sections that are underdeveloped. Describe what you changed and why.

Deliverable 2: *A cross-training plan for one team responsibility*

Initial Draft Prompt:

I need your help creating something as a student support professional in [your role/setting]: A cross-training plan for one team responsibility. Draft a complete, ready-to-use version I can refine for my specific context. Focus on clear language, strong structure, and real-world applicability.

Review & Refine Prompt:

Please refine the draft above by: (1) adjusting the tone and language to better suit my role as a student support professional in [your role/setting], (2) strengthening alignment with educational standards and best practices, (3) adding any elements that would make this more complete and actionable. Summarize what you changed.

Deliverable 3: An AI-supported workflow map with safeguards

Initial Draft Prompt:

As a student support professional in [your role/setting], I'm creating: An AI-supported workflow map with safeguards. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Revise the draft above to: (1) better reflect the language and priorities of my context as a student support professional in [your role/setting], (2) strengthen alignment with current educational standards and best practices, (3) address any gaps that limit its practical usefulness. Highlight the revisions you made and explain your choices.

Higher Education Faculty

Deliverable 1: A program change alignment plan

Initial Draft Prompt:

As a [department/discipline] faculty member, I'm creating: A program change alignment plan. Develop a detailed, ready-to-use draft I can refine for my setting. Prioritize clear language, strong organization, and practical alignment with educational best practices.

Review & Refine Prompt:

Please improve the draft above by: (1) making it more specific to my professional context as a [department/discipline] faculty member, (2) ensuring it aligns with current educational standards and best practices, (3) adding or expanding any elements needed to make it fully actionable. Describe what you changed.

Deliverable 2: A faculty capacity-building plan

Initial Draft Prompt:

I'm a [department/discipline] faculty member and I need a strong draft of the following: A faculty capacity-building plan. Provide a complete version I can customize for my school and students. Make it thorough, clearly structured, and professionally written.

Review & Refine Prompt:

Revise the draft above with these priorities: (1) sharpen the language to better reflect my specific context as a [department/discipline] faculty member, (2) strengthen alignment with current educational standards and best practices, (3) fill any gaps that would make this more complete and immediately usable. Note what you changed and explain your reasoning.

Deliverable 3: A teacher candidate AI expectations plan

Initial Draft Prompt:

As a [department/discipline] faculty member, I need a complete, ready-to-use draft of: A teacher candidate AI expectations plan. Generate a well-organized version I can adapt for my specific context. Use clear, professional language and ground it in current educational best practices.

Review & Refine Prompt:

Please strengthen the draft above by: (1) making the language more specific to my work as a [department/discipline] faculty member, (2) checking and improving alignment with educational standards and best practices, (3) expanding or clarifying any areas that feel incomplete. Tell me what you changed and your rationale.
